

2 Year Commissioner

Reg Tadd

Reginald C. Tadd

Reginal Tadd has been a businessman in Wasatch County for numerous years. He seeks to promote to the rest of the state the benefits that exist in Wasatch for businessmen.

Reg is seeking re-election to the 2-year commission position. Reg is the incumbent, and has served for the past two years.

"I'd like to see industry come into the valley," said Tadd. Tadd explained that since the pollution controls are stiff, it would be good to have light industry that could use the facilities that are established in Heber City or around the county.

Tadd feels that the tourism industry is of great benefit to the county. Its location and proximity to the lower population make it an ideal spot to get away to.

Reg feels that the Mayflower Enterprises will be of great relief to the residents since it will nearly double the tax base that currently exists.

Tadd feels strongly about the Jordanelle. It should be constructed soundly and wisely. He also voices his opinion on the road from the Kamas Valley as a link in the economic future of Heber Valley.

"I'm not working for myself but for the people of Wasatch County. They put me in office," Tadd stated. "In that office there's no politics going on. The commission knows its stand and takes it."

The County Commissioner's job has become a full-time position over the past two years. Reg says that being retired he feels he is more than qualified to meet whenever the need arises.

town area of Wasatch County.

Tonya strongly believes that, "Our children's quality of life is directly affected by their education and therefore, education must be of the highest quality possible."

Tonya is currently serving as a parent representative on the Career Ladder Evaluation Committee for the Wasatch County School District, after having participated in the formation of the Career Ladder for approval by the State School Board. She is also serving on the Utah State PTA Legislative Action Committee as a lobbyist for the children and youth of Utah in the State Legislature. In addition, Tonya enjoys an active working relationship with the parents, educators, and students of Wasatch County through her activities as a PTA officer, PTA parent volunteer, and substitute teacher. Her efforts in these areas have been recognized with both the "Friends of Education" Award, presented by the Wasatch Education Association and the "Number One Club" Award from Wasatch High School.

"The past two years I have spent lobbying and researching have made me aware of the problems faced by the public school system in Utah. Dedication to the principle of quality education is required to solve these problems. First, concise assessments of the problems and needs, based on extensive research and evaluation, must be made and prioritized. Then a responsible decision may be made for the good of the entire community."

"I feel the decision making process is the most difficult challenge faced by a School Board member. I am prepared to take these steps in order to make responsible decisions for the betterment of education in Wasatch County."
